

Limited Warranty

demo-store-1 · Issued 21 September 2026 · Version 1.0

SIMULATED DOCUMENT. This warranty is generated by a mock commerce API for demonstration and testing. It creates no legal obligation, covers no real goods, and cannot be claimed against. Any resemblance to a genuine warranty is deliberate but immaterial.

1. Who this covers

This limited warranty is given by demo-store-1 ("we", "us") to the person who bought the goods from us ("you"). It applies to items bought for personal use and delivered to an address in the United Kingdom. It is not transferable: if the goods change hands, the warranty does not follow them.

Cover begins on the date the goods are delivered, not the date of order. Where a delivery date cannot be established, it begins seven days after despatch.

2. Warranty period by category

The period depends on what the item is. Where an item could sit in more than one row, the longer period applies.

Product category	Warranty period from delivery
Electronics	24 months. Extends to 36 months if you register the item within 30 days of delivery.
Computing	24 months on the unit. 12 months on the battery and power supply (see section 3).
Smart home	24 months on the device. 12 months on any bundled hub or bridge.
Audio	24 months. Ear cushions and cables are consumable — see section 4.
Fashion and footwear	12 months against manufacturing defects in stitching, fastenings and soles.
Accessories	12 months.
Pharmacy and toiletries	Not covered. These carry a printed expiry or best-before date instead.
Groceries	Not covered. Sold against the durability date on the pack.

3. Parts eligibility

A single product is rarely one part. Components wear at different rates, so they are covered for different lengths of time. The period below runs from the same delivery date as the main item.

Part or component	Cover
Main housing and chassis	Full period for the category. Covers cracking, warping and delamination not caused by impact.
Circuit boards and internal electronics	Full period for the category.
Rechargeable batteries	12 months, or until capacity falls below 80% of rated capacity, whichever comes first.
Power supplies and chargers	12 months. Replaced rather than repaired.
Displays and screens	Full period for dead pixels exceeding the panel tolerance of five per screen. Impact damage excluded.
Buttons, switches and hinges	12 months for mechanical failure under normal operation.
Detachable cables and leads	6 months. Treated as consumable thereafter.
Zips, buckles and fastenings	12 months against failure of the fastening mechanism.
Soles and heels	12 months against separation from the upper. Tread wear is not a defect.
Seams and stitching	12 months against seam failure under normal wear.
Ear cushions, filters and tips	Not covered. Consumable, replaced at your cost.
Printed finishes and decals	6 months against peeling. Fading from sunlight is excluded.

4. What is not covered

- Fair wear and tear, including fading, thinning, tread wear and loss of gloss.
- Accidental damage, impact, crushing, and liquid ingress on items not rated for it.
- Damage from using the wrong charger, voltage or accessory.
- Items opened, modified or repaired by anyone we did not authorise.
- Cosmetic marks that do not affect how the item works.
- Consumables: batteries beyond the period in section 3, filters, tips, cushions and cables.
- Goods bought as clearance, ex-display or "sold as seen", where the fault was disclosed at the time of sale.
- Loss of data. Back up anything you care about before sending an item in.

5. How to make a claim

Claims are handled against the order, so you do not need to keep a paper receipt. Have your order number ready — it is the one beginning with a hash, shown on your confirmation.

- Open your order and choose "Report a problem".
- Tell us which part has failed and what happened. Photographs help and usually avoid a return.
- We respond within two working days with a decision or a request for more detail.
- If a return is needed we pay the postage both ways for a valid claim.

Where a claim succeeds we will repair the item, replace the failed part, replace the whole item, or refund it. Which of those we choose is ours to decide, and we will pick the remedy that puts you back in the position you would have been in.

Replacement parts may be new or refurbished to as-new condition. A repaired or replaced part carries the remainder of the original period, or 90 days, whichever is longer.

6. Your statutory rights

This warranty sits on top of your legal rights and does not replace them. Under the Consumer Rights Act 2015, goods must be of satisfactory quality, fit for purpose and as described. Those rights last up to six years in England, Wales and Northern Ireland, and five years from discovery in Scotland, regardless of anything written above.

Nothing in this document limits liability for death or personal injury caused by negligence, for fraud, or for anything else that cannot lawfully be limited.
